POLICIES: All prospective students must meet with principal before acceptance can be determined.

- *Students with a diagnosis of ADD/ADHD must be medically treated to attend the school. An evaluation consisting of checklists may not be thorough enough to identify ADD/ADHD; therefore, a **reevaluation may be requested if ADHD characteristics are observed by the 3-D School teachers/therapists.***
- *Submitting this form does not guarantee the student a placement in the school. Applicants will be contacted to schedule an interview with the director of the school. Upon conclusion of the interview with the parent(s), prospective student, and a review of the evaluation report, the decision will be made as to the placement of the student.*
